HOW TO USE THE REMOTE CONTROL

7.

On/Off. Turns lamp on at maximum brightness / brightness level will be saved when turning off lamp

⊕ Increase light intensity / Turn the light on at saved brightness level

⊖ Decrease light intensity

Please note: If you use the wall switch to turn the lamp on and off, the lamp will return to the last saved brightness level.

REMOTE CONTROL PAIRING

This pairing operation is not required unless you want to control multiple lamps (max 3 lamps) with the same remote control, or you need to reset your remote.

How to Pair:

1. Turn off the lamps power at its electrical power supply.
2. Turn it on again. In the first 10 seconds, push the following sequence of buttons: on/off, +, -. Once the pairing has been done successfully, the lamp will flicker 3 times.

GENERAL INSTRUCTIONS

Please read before installation

WARNING:

The safety of this fitting can only be guaranteed if the following instructions are observed during both installation and use. Please retain these instructions safely after installation.

Please observe the following guidelines:

- Ensure that the power supply has been switched off prior to installation or removal of the product.
- Never undertake an electrical installation without the proper knowledge or training. If not familiar with electrical wiring, contact a qualified electrician.
- The product may in no way be modified or tampered with. Any modification may compromise safety and make the product itself dangerous to use. ferm LIVING does not accept any responsibility for products that have been modified.
- The light source in this product cannot be replaced.
- This product is meant for indoor use only.
- This appliance should not be disposed in a domestic trash receptacle and should instead be recycled appropriately.

CLEANING INSTRUCTIONS:

- Use only a soft cloth to clean the product. Dampen the cloth with water and soap or a mild cleanser if needed.
