

About

Joergen & Nanna Ditzel

Nanna & Joergen Ditzel were born in respectively 1923 and 1921. They meet each other at the Danish School of Arts and Crafts in Copenhagen, where they both were students. In 1946 they established their own design studio. The period from 1946 to 1961 was very productive for the young couple. After Joergens death in 1961 Nanna continued their joint project alone. Many new things were designed the following years, until her death in 2005.

In our search for a design that could fit this pioneering sustainable production method, we partnered with Dennie Ditzel, manager of the design legacy after the late Joergen and Nanna Ditzel. Together we screened the archives for designs that could be ideal for this new material and production method of using discarded fishing nets and other ocean plastic waste collected from the Oceans, resulting in the Ocean outdoor collection.
