## KORPUS SHELF

Designed for HAY by Norwegian product designer Andreas Bergsaker, Korpus Shelf reflects the designer's ongoing desire to create durable everyday objects with a sustainable profile. Crafted from stamped and punched sheet aluminium, this series of multipurpose shelves combines a solid presence with organic, rounded curves, offering a functional and aesthetic storage solution. The integrated hooks and variety of size and colour options mean these versatile shelves can be used in many different rooms in the home.

## ANDREAS BERGSAKER

Andreas Bergsaker (b. 1990) is a Norwegian product designer based in Copenhagen, Denmark. He graduated with a master degree in Product Design from Oslo and Akershus University College of Applied Sciences (HiOA) in 2015.

Andreas Bergsaker

His work covers different everyday objects, designed for product longevity and generations to come. His designs are rooted in exploration of material and shape, and referencing cultural heritage with emphasis on traditional craftsmanship, industrial production processes and tactile qualities. His work has led to exhibitions in London, Milan, New York, Oslo and Stockholm.

Depending on the size of the Korus Shelf, the column conceal one, four or seven hooks to provide additional hanging possibilities.

Available in a wide range of sizes and colours.

Korus Shelf reflects the designer's ongoing desire to create durable everyday objects with a sustainable profile.

The aluminium undergoes an industrial stamping and punching process to be formed into the distinctively curved column and top.

## KORPUS SHELF

DESIGN BY ANDREAS BERGSAKER, 2022

Korpus Shelf is a series of colourful wall-mounted shelves created for HAY by Norwegian product designer Andreas Bergsaker. Based on the desire to create a durable multi-purpose shelf from recyclable material, Korpus Shelf is made from sheet aluminium, known for its lightness, strength and ability to be reused countless times. The aluminium undergoes an industrial stamping and punching process to be formed into the distinctively curved column and top. Keyhole slits at the back facilitate mounting, while concealed hooks in the column provide additional hanging possibilities. Available in a wide range of sizes and colours, these versatile shelves can be used in many different rooms in the home, such as a coat rack in the hallway, storing kitchen utensils, hanging bathroom towels or displaying ornaments in the living room.

### HIGHLIGHTS

- Korpus shelf is a multi-purpose wall-mounted shelf available in different sizes and colours.
- The shelves have concealed hooks for additional hanging.
- Easy to mount.
- The shelf can be used in multiple rooms also in wet rooms.
- Suitable for a wide variety of private and public environments.

## SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
