Plantas Planter

BY MENU

MENU launches for indoor and outdoor gardens.

Plants and green spaces enhance not only our homes, but also our lives. To that end, MENU has created a collection of beautiful and useful objects for green-fingered gardeners.

Whether tending to houseplants or cultivating a green oasis from scratch, the collection's vases, planters, watering can, watering sticks and plant mister have been designed to provide maximum function with minimum fuss.

Shaped from natural materials, many of which have been finished by hand, each item has a unique look and feel. Reactive glazes add colour and texture. Wooden details and warmth to cool metal. And hand-etched patterns add tactility. A series of torch-inspired oil lanterns add to the ambience outdoors with their rustic appearance and wide and warming flame.

Plantas Planter. Bringing raw beauty into the home.

Designed by MENU to bring out the natural beauty of plants, the Plantas Planter is a lush focal point in any setting. Shaped by hand from stoneware, the asymmetrical design has a rippled surface that underpins its artisanry and the beauty in imperfection: each container displays unique characteristics from the crafting process. Left unglazed for a more natural look, the matte ivory hue works in any setting, adding materiality and tactility. Made for indoor use, the Plantas Planter can be used outside in warmer weather conditions when its care instructions are followed. Available in four sizes.

A Sense of Community

MENU has always been fascinated by the way in which individuals and spaces can be united through great design. In our pursuit to craft furniture, lighting and interior accessories shaped by purposeful details, high-quality materials and human needs, we create strong and lasting relations between designers, manufacturers and customers. The sense of community that results from this union of like-minded individuals fosters a deeper sense of belonging – and products that stand the test of time, inviting human connection, inspiration and experimentation to push the boundaries of modern design. We truly believe that when we work collectively, we achieve more than we do individually: the sum of our work and of our connections is always greater than its parts, and our softly minimal designs and collaborative spirit help to join the dots between the home, the workplace and the service industry, redefining how we use space and, ultimately, how we connect to those around us.

MENU at The Audo

MENU's showroom is located at The Audo, a unique concept that masterfully unites co-working and event facilities, a café, restaurant and retail area, as well as an exclusive residence in a single, community-building universe. The Audo features an inspiring mix of original features and thoughtful new accompaniments from an eclectic mix of premium brands – not least MENU's comprehensive range of furniture, lighting and accessories which are put to their truest test together with a curated selection of products from global brands. Abbreviated from the Latin *Ab Uno Disce Omnes*, meaning *from one, learn all*, The Audo reflects MENU's founding philosophy of collaborative spirit. Redefining how we use design, space and, ultimately, how we connect to one another, this creative destination is a hub for powerful ideas, beautiful design and inspiration.
